Dear Mr. Benson:

Re: Final Approval, Amount and Form of Reclamation Surety and Permit Transfer, Iron Mountain Mine - M/021/008, and Keigley Quarry - M/049/001, Iron and Utah Counties, Utah

On March 23, 1989, the Board of Oil, Gas and Mining approved the amount and form of reclamation surety for Basic Manufacturing Technologies, Inc. (dba, Geneva Steel), Iron Mountain Mine and Keigley Quarry permit applications. On April 3, 1989, we received notice from Mr. Clayton Parr (Kimball, Parr, Crockett and Waddoups) confirming establishment of the depository accounts for both permits with Valley Bank and Trust Company.

Basic Manufacturing Technologies, Inc. is hereby granted final approval to continue mining operations at the respective mines.

We thank you for your continued cooperation in completing these permit actions.

Sincerely,
